WELCOME TO TOSCANA BRICK OVEN!

Our dining philosophy is simple:

we only serve what we make ourselves from scratch.

Our chef works with local food sources to obtain the finest & fresh meats, fish, cheeses, & vegetables available. We are able to start with quality, natural ingredients to prepare our own menu items, including pasta, pizza, breads, soups, sauces, dressings, & desserts.

The emphasis on cooking our food in-house from scratch is what defines & distinguishes Toscana Brick Oven. **You will enjoy the difference!**
